Validus Pharmaceuticals is providing you with Wholesale Acquisition Cost (WAC)¹ information for its product in compliance with Connecticut Public Act No. 23-171. This law requires drug manufacturers to provide the list price of their products when they provide information about their products to Connecticut prescribers and pharmacists. Actual out-of-pocket costs that patients may pay will vary based on dosing, insurance coverage and their eligibility for support programs.

Connecticut Public Act No. 23-171 also requires manufacturers to provide information on the variation efficacy of RALDESY in different racial and ethnic groups, if such information is available. Please refer to the FDA approved Prescribing Information for RALDESY™ at <https://raldesy.com>/or contact Validus Pharmaceuticals Medical Information at info@validuspharma.com for additional information. Pricing information listed does not imply safety or efficacy of the product.

*WAC¹, as published by independent third-party pricing publishers, represents the manufacturer's published catalog or list price for a drug product to wholesalers as reported by the manufacturer. WAC does not represent actual transaction prices or include discounts, rebates, or reductions in price. In most cases, the price paid by patients for a product will be different from the product's published WAC and will vary based on dosing, insurance coverage and their eligibility for support programs.

¹Pricing as of February 26, 2025
